

SERVICES

P.M.F. S.r.l. is a research institution in ICT field involved in several international projects based on ICT technologies and it is also an accredited training institution particularly focused on e-learning methodologies.

RESEARCH

- Coordination of research projects financed in the field of ICT (success cases on www.bonynetwork.eu and www.mvc.it);
- Experience in knowledge management technologies;
- Development of semantic web services and infrastructure of social networks for collaborative learning and knowledge sharing;
- Design and production of Learning Objects (LO) SCORM compatible, manufactured using the latest available technology and rich of multimedia and interactive elements.

TRAINING

The courses can be held at our sites, on-site (at customer sites) or, even more often, on e-learning, with reduced use of resources, cost and time. Distance Learning, in fact, is particularly suitable for organizations that have a high number of employees and even more if distributed in the territory, for the franchise, for companies with high turnover, for those organizations with mandatory and continuing courses for members of professional associations.

JO Group is a system of companies which has its core businesses in fund raising, renewable energy, training and web applications.

JO Consulting S.r.l. has its core business in fund raising, at European, national and local level. It works in an international network composed by public and private research centres, small-medium and large companies, and public administrations.
