

VITECO is a provider of e-learning technology. Great attention to details and excellent customer service are its strengths that make it unique in the Italian market.

VITECO offers a complete range of solutions for distance learning: from the provision of e-learning platform to the production of multimedia courses. Each solution is designed by combining innovation and simplicity of use.

PRODUCTS

VITECO aims to create innovative solutions that are intuitive and easy to use. Thanks to these features our platforms can be stimulating for both teachers and students.

JODOCET

The platform that makes e-learning easy.

JODocet was created by the customization and empowerment of one of the most important open source LMS.

JODocet is an e-learning platform entirely web-based that allows creating and managing course content thanks to a very simple administration panel, from which you can manage:

- Online tutoring
- File Sharing
- Collaborative learning tools
- Activity reports

JODocet has been developed according to the international standard SCORM 2004, which guarantees the re-usability of multimedia content.

The hosting plan of JODocet includes:

- Hosting of the e-learning platform on a server into the VITECO Data Centre
- Custom Graphics
- Technical Assistance

MAIN JODOCET FEATURES

- SCORM 2004
- Real time file upload (Word, Excel, PowerPoint, PDF, etc.)

- Integrated Authoring Tool to create training courses
- Import content in SCORM format
- Converting PowerPoint and Word files in SCORM courses
- Management of Test and Surveys
- Collaborative tools: forums, blogs, chat
- Tracking and reporting of all activities
- Export reports to Excel
