

VITECO S.r.l. is a provider of technologies for long-distance training, it has its own e-learning platform (www.e-logos.it) and a solid expertise on open source platform Dokeos. It has already provided more than 400,000 hours of training.

E-LEARNING SYSTEMS PLANNING

It is able to implement customized e-learning solutions through the development of LMS in accordance to Customers' needs.

CUSTOMIZED CONTENTS DEVELOPMENT

Our specialists can create online courses, simulations and didactic games which satisfy every kind of formative need, even by converting the Customers' formative material into e-learning applications. Course contents are produced in accordance to the SCORM 2004 International Standard in order to support the integration on every long-distance platform.

INSTRUCTIONAL DESIGN

The biggest difficulty in the development of e-learning solutions is being able to provide information in a simple and focused way. Thanks to their experience and competence in this sector, our specialists analyze Customer's needs and contents and choose the best didactic strategies.

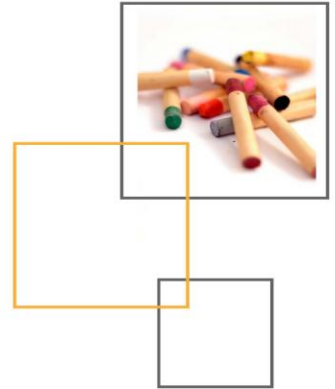

LMS INTEGRATION

Viteco can integrate the chosen e-learning platform with various corporate management systems (like CRP and ERP) making long-distance corporate training a new support for human resources.

E-LOGOS®

e-Logos® is our software solution for long-distance learning management and providing.

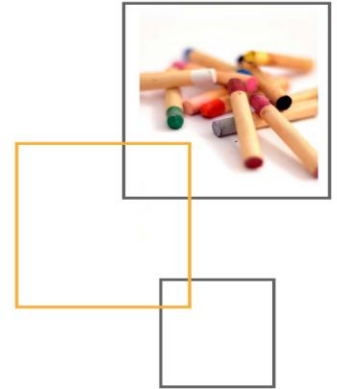

Versatility and simplicity make this LMS (Learning Management System) an extremely functional instrument for administrators and teachers, allowing the creation and management of course contents, users and virtual classes, thanks to appropriate didactic tools.

The e-Logos ® system is modular, it can be adapted to any educational context thanks to tools such as:

- Videoconferencing
- Streaming Video - Lesson on Demand
- Tutoring on line
- Tools for collaborative learning

In addition, our platform complies with the international standard SCORM 2004, which guarantees the re-usability of multimedia content, and complies also with the Stanca law, to ensure an experience of e-learning accessible to everybody.
