VITECO
elearning solutions

DEVELOPMENT OF E-LEARNING PLATFORMS, SERIOUS GAMES AND SCORM CONVERSION

Since 2004, the software house VITECO develops e-learning platforms and serious games all over Europe and is specialised in SCORM conversion.

VITECO, therefore, does not provide distance learning, but is specialised in e-learning solutions to support training organisations, CME providers, schools, universities and companies that focus on distance learning.

VITECO is a company certified ISO 9001:2015 and ISO/IEC 27001:2017 for the design, development and support of software and for the design, development and delivery of training with e-learning methodology.
e-Logos

E-LOGOS

The e-Logos e-learning platforms are fully customisable, truly user friendly, equipped with an integrated e-commerce interface and the innovative Facial Recognition System. In addition to Italian, they can be used in English, French, Spanish, German, Portuguese, Slovak and Greek.

Simple and essential, e-Logos platforms are ideal for training organisations that wish to stand out from the rest.

JO DOCET EASY

JO Docet Easy is the ideal e-learning platform for those training organisations that choose not to install their own DL platform and prefer to be hosted on VITECO's cloud-based platform. Ready to use, JO Docet Easy is the ideal tool for companies that want to benefit from the advantages of distance learning for short periods or even to deliver a single course.
